

The Universal Magnetic Rest

GMR-98 (RH)

GMR-99 (LH)

- Universal Magnetic Rest for Recurve & Bare Bow risers
- **RH Version model: GMR-98 / LH Version model: GMR-99**
- **Assembled as Vertical resistance adjustable rest**
- **Can be converted to Drop Away rest** by the special Brass magnet holder provided
- Aluminum Black anodized body
- Super power Neodymium magnets operation
- Suitable for Recurve risers from 12 to 16 mm window thickness and 2 plungers holes
- 3D printed plastic Yellow color cover to protect inner mechanism from rain and dirt
- **Tested for use of any kind of arrow up to 23xx Aluminum with 220 gr point**
- Compatible to all GILLO Risers, **fits perfectly the shape of GF risers**
- **Approx. 36 g mass weight only**

- Packing includes following accessories:
 - Black 3D printed cover
 - Brass M8 x 1 threaded Brass screw holder with 6 x 5 mm Neodymium magnet, to convert rest to Drop Away function
 - 2 Allen wrenches – 2 mm and 2.5 mm
 - 1 x 5/16-24 x 5/8" Stainless steel Cup head screw with 1 x M8 Stainless steel washer
 - 1 x longer rest wire
 - 1 x M4 x 8 mm Stainless Steel grub screw for additional tuning range
 - Basic instruction manual with QR code to download its full version in PDF format

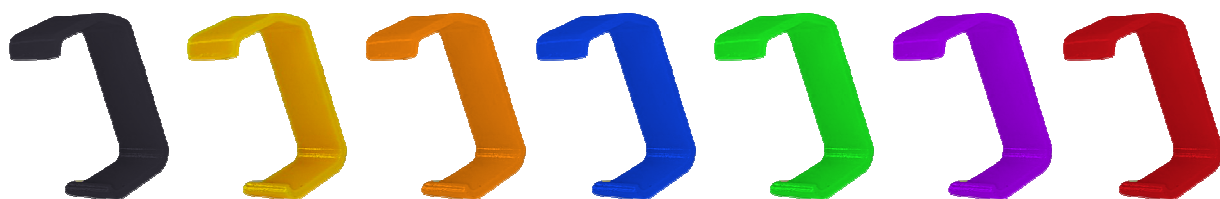

Optional accessories available:

- GMR-98-PC Plastic Covers of different colors

Holes	Thread size
Magnet Holder	M8 x1 (fine threads)
Rotating Magnet holder Side locking	2 x M4
Back elevation adjustment screw	1 x M4
Side locking screws	2 x M4

Disclaimers:

-Magnets used for this rest are made of Neodymium material, that is quite fragile, and they are hand glued in holders made by Aluminum, Stainless Steel or Brass. Some care should be used in maintaining clean all parts using Denaturized Alcohol only. Do not use Acetone or any similar solvent for cleaning, as these solvents can damage adhesion of magnets to holders.

The magnets used are very powerful so keep rest and its parts far from any magnetic sensitive object like credit cards or any card with magnetic stripes, as well as you mobile phone. Manufacturer shall not be liable for any damage could arise form improper use of magnetic rest or its magnetic parts.
