Poundage Rating - Remarks:

- Poundage is rated at 26 ¼" draw from center of rear plunger hole of a GILLO GT 25" riser. If limbs are used on GILLO GT risers of other length, user should consider average one pound increment for any inch of reduction of riser length, or one pound reduction for any additional inch in riser length.
- Real poundage may vary from rated marked poundage up to +- 1 pound
- Poundage may vary if limbs are used on risers of other brands
- Poundage range on GT-25 riser is indicative only
